

# Finding Your Lung Cancer Tribe: Tips from Patient Advocates

## Show Notes

Living with lung cancer is never easy, but connecting with other patient advocates can help newly-diagnosed patients harness the power of their own voice in treatment. Hear from LCFA's group of patient advocates about how they got connected through patient groups that helped them learn how to navigate the lung cancer journey. You'll also hear from lung cancer specialist Dr. Raymond Osarogiagbon of Baptist Cancer Center in Memphis, who shares his hopes for the future of lung cancer treatment.

A Block Guest: Dr. Raymond Osarogiagbon

LCFA's mission is the improvement in survivorship of lung cancer patients through the funding of transformative science.

While raising funds to support lung cancer research, LCFA will raise the public's awareness and serve as a resource for patients or anyone seeking answers, hope, and access to updated treatment information, scientific investigation, and clinical trials.

You can also join the conversation with LCFA on [Facebook](#), [Twitter](#), and [Instagram](#).
